Fund overview

The Redhedge Total Return Synergy Fund focuses on core European Investment Grade Credit employing a market neutral, relative value investment approach. The Synergy Fund is launched on the back of strong investor demand and is an evolution of our existing fund products, building on more than eight years of track record, experience and expertise in relative value strategies where we aim to deliver returns while protecting downside. The Synergy fund implements the same investment and risk management approach that is embedded in Redhedge's DNA, with a higher risk and volatility tolerance seeking to enhance returns.
